

You Can Help Us Help!

Each year, the Community Action Partnership of Mercer County helps thousands of people work toward self-sufficiency. On many occasions, we are the agency of last resort; the place people turn to when they have exhausted all other means. We often provide assistance not available from any other federal, state or local organization. In order to continue to do this, we need your support. Even though we receive state and Federal grants; we are not a government agency. We must raise funds locally to sustain our programs and to continue to develop and implement new local initiatives to meet the needs of our residents.

Silent Partner Fund

Your commitment involves allowing us to call you when we have a case we can't help using the normal resources available; you are our last resort. You control how often we can call you. You control how much you are willing to give. And you can always say no when we call. When you agree to help with a case we will immediately assist the client and use the money you send to reimburse the Silent Partner Account. That's all there is to it. This is not a contribution to a general fund or a capital campaign. It is direct help to a specific family.

If you would like to become a Silent Partner, please email us at capmc@capmercer.org.
